Dean

The Environmental Consultant for the Trustee is Mickey Edmundson. He handles the environmental issues for the Trustee. My recommendation is that you talk with him first and get a proposal together to present to the Trustee. A good solution may be a disposal offset since that is the business you guys are in but that is something you guys need to work out. His information is:

Mickey Edmundson  
environmental@usa.com  
Cell: 936.900.1475

Thanks  
Gary Moore
